

HEAVY DUTY EQUIPMENT WASH

A heavy duty wash that rinses easily and preserves painted surfaces.

Features & Benefits

Easy Rinsing

Most products designed for heavy duty use do not rinse well causing streaking and hard water spots which, over time can damage painted surfaces. Heavy Duty Equipment Wash is designed to rinse away easily saving time while preventing any long-term paint damage.

Non-Caustic

Heavy Duty Equipment Wash is non-caustic and does not contain phosphates or petroleum solvents. It is environmentally friendly and safe to use on painted surfaces and aluminum.

Touchless Wash

Heavy Duty Equipment Wash is formulated to excel in touchless wash systems and is extremely concentrated for maximum value.

Areas of Application
